R E M A R K S

This paper is being filed in response to an Office Action dated July 15, 2005. Claims 1-24 are currently pending in this application.

Restriction/Election Requirement

The examiner asserts that claims 1-24 are generic to a plurality of disclosed patentably distinct species comprising a "two-layered wipe" (claims 1-4) and a "three-layered wipe" (claims 5-24). The examiner requires election of a single disclosed species pursuant to 35 U.S.C. § 121.

If applicant elects the "three-layered wipe" (claims 5-24), the examiner further requires a second species election between (i) a three-layered fabric with a moisture-absorbing material as the center layer and (ii) a three-layered fabric with a moisture-resistant layer as the center layer. The examiner also identified claims 5, 10, 11, and 12 as generic.
